Allowable Subject Matter

Claims 1-35 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art, individually or in combination, fails to disclose, teach, or suggest a utility line extension and retraction system with a traveling pulley assembly which follow the pulley-receiving track disclosed, which forms a closed loop. The closest piece of prior art is Hamula (US 5,450,874), disclosed by Applicant, which demonstrates a track for a traveling pulley to follow including a rest stop. However, Hamula does not disclose a confined and closed loop track as claimed by Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 3732
